

Tristan da Cunha Workshop 1 July 2004 Crown Hotel, Biggleswade

The Tristan da Cunha Darwin Initiative Project was started in May 2003 with the objective of increasing local people's control, ownership and involvement in implementing the Convention on Biological Diversity in Tristan. One of the outputs of the project will be to produce a Biodiversity Action Plan. Given the unique situation of Tristan, it is recognised an essential part of the process of drawing up this plan is to involve UK expertise. The purpose of the workshop will be to discuss the problems and threats the biodiversity action plan will seek to address, and identify ways in which UK agencies can inform and assist the Tristan Government to forward the plan.

- 09:30 Arrival and coffee
- 10:00 Welcome and introduction
- 10:30 Background
- 11:30 Tea/coffee break
- 11:45 Stakeholder identification
- 12:00 Problem tree
- 13:00 Lunch
- 13:45 Objectives and activities (break-out groups)
- 14:45 Tea/coffee break
- 15:00 Feedback from break-out groups
- 15:30 Participant roles
- 15:45 Conclusions/next steps
- 16:00 Depart

Participants

Ann Brown	Falklands Conservation
Alex Jones	Invertebrates Consultant
Andrea Clausen	Falklands Conservation
Mike Pienkowski	UKOTCF
Frances Marks	UKOTCF
Denise Dudgeon	FCO
Rebecca Claxton	FCO
Mike Brooke	Cambridge University
David Stroud	JNCC
Diana Mortimer	JNCC
Jim Reid	JNCC
Karen Varnham	Invasive Species Consultant
Sarah Moon	DEFRA
John Croxall	BAS
Richard Phillips	BAS
Conrad Glass	Tristan Conservation Officer
Michael Swales	Tristan Association
Jim Kerr	Tristan Association
Iain Orr	BioDiplomacy
Colin Clubbe	Kew
Alison Rothwell	Tristan Darwin Project Manager
Sarah Sanders	RSPB
Geoff Hilton	RSPB
Paul Buckley	RSPB
Norman Ratcliffe	RSPB
Euan Dunn	RSPB
