Lesser Flamingos find new paradise at Kenya's Oloidien Lake

<http://www.earthwatch.org/europe/newsroom/science/news-3-lesserflamingos.html>

The pink deaths – die offs of the lesser flamingo raise concern.

Ecologist David Harper of the University, who leads the Earthwatch Institute's Lake's of the Rift Valley Project, believes the emergence of cyanotoxins as well as the apparent increased vulnerability of the flamingo's to disease....

Science. September. 140,000

Extreme weather leaves flamingos hungry Lesser flamingos (*Phoeniconaias minor*) at Lake Bogoria, Kenya, are suffering from malnutrition, report Earthwatch-supported scientists working there. The scientists are investigating the causes of recent large-scale mortality events, resulting in the death of thousands of lesser flamingos in Kenya last year and at least half a million birds during the 1990s.....
